Item was postponed pending additional data.

New Business:

Norman Patten expressed concern over the sprawling additions to Campuzano's Restaurant at 213 W. Beltline Road. Specifically:

- The tent structure on the building front includes air conditioning and appears to be permanent
- Have permits been issued for the tent and the corral in back
- The predominant color (black) is not in compliance with the Uptown Overlay Ordinance

A motion by Norman Patten, seconded by Russell Read, to have Code Enforcement investigate recent improvements to Campuzano's was approved unanimously.

VI. Adjourn.

A motion to adjourn by Amanda Hall was seconded by Lois Cannady. The motion carried unanimously. Meeting was adjourned at 7:49 pm.
