LIBRARY LAUNCHES READY4K

The Zula B. Wylie Public Library has announced a partnership with ParentPowered PBC to provide Ready4K to families in Cedar Hill and the surrounding Best Southwest area. Ready4K is an evidence-based family engagement curriculum delivered via text message that builds on several years of rigorous research. Each week, parents and caregivers receive fun facts and easy tips on how to promote their children's development by building on existing family routines – like pointing out the letters on shampoo bottles during bath time and naming their sounds, counting the number of steps as you walk to the car or bus, or making feeling faces in the mirror after you brush your teeth. In a series of randomized controlled trials, this approach has been shown to increase child development by two to three months over the course of a year. The Ready4K curriculum covers birth through third grade and is available in English, Spanish, and Arabic. Find more information at cedarhilllibrary.org.
