

Cedar Hill Fire Monthly Snapshot

June 2025

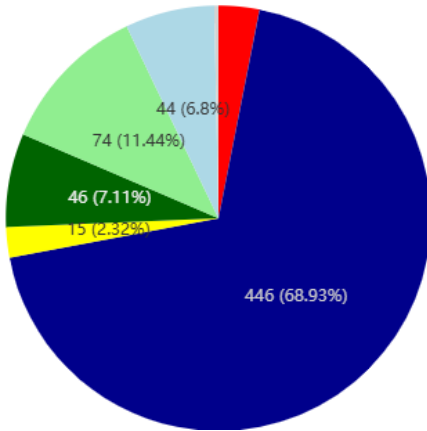

Around the Neighborhood

We were excited to welcome 18 teens to the 2025 Teen Fire Academy this June! It was an action-packed week where participants got an inside look at the world of fire and emergency services. One of the highlights was our visit to the DeSoto Fire Training Center, where teens got hands-on experience climbing the training tower and extinguishing a vehicle fire. They also explored fireground operations and teamwork in real-life scenarios. The group also toured the Southwest Regional Communications Center, where they learned how 911 Dispatch plays a critical role in public safety and emergency response. Special thanks to all the Cedar Hill Fire Department staff who stepped up and made the week an unforgettable experience.

Incident Response

Total (647)

FIRE-20 (3.09%)

B Shift Crews from Tower 211 and Medic 211 Perform Early Morning Extrication

On June 26th at approximately 1:30 a.m., B Shift crews from Tower 211 and Medic 211 responded to a severe motor vehicle collision. Upon arrival, they found one occupant trapped inside the vehicle and quickly went to work utilizing hydraulic extrication tools—commonly known as the “Jaws of Life”—to remove the driver’s side door. This precise and efficient extrication allowed the crew to rapidly access the patient and begin providing critical care. The patient was safely removed and transported by Medic 211. Their calm professionalism and teamwork in the early morning hours reflect the high level of training and readiness our department strives for every day.
